MAYOR`S CORNER

Mayor Andrew C. Hanko

July 4th is an important day for our Country. It is the day that we declared our independence and became free. This independence was first enjoyed in the year 1776 and could only be made possible by the efforts made by our Founding Fathers.

I wish everyone a safe and happy holiday!

Highlights from the Mayor:

I would like to thank all the residents of New Carrollton who took the time to come out and vote on Election Day (Monday, May 4, 2015). I would like to personally thank the seven candidates who put forth their names for elected office. Congratulations to the three winners: Richard J. Bechtold, Lincoln Lashley, and Sarah Potter Robbins. I look forward to working with them. If residents would like to see the official election results from the May 4, 2015, election, they are included in this month's issue of the newsletter. If you have any questions regarding the election, please contact our City Clerk, Mr. Doug Barber, at 301-459-6100.

The month of May was very busy. I attended and participated in many community events. I attended the Carrollton Elementary Career Day, on Friday, May 15, 2015, where I spoke to the students on municipal government and the role of Mayor. On Saturday, May 16, 2015, I attended the ribbon cutting ceremony and open house for My Care Urgent Care medical services facility located at 8500 Annapolis Road, and on Sunday, May 17, 2015, I attended the New Carrollton Boys and Girls Club Annual Awards Banquet. It was well attended as the club celebrated their winning of the Prince George's County Boys and Girls Club 2015 15U AAA County Championship.

National Night Out is scheduled for Tuesday, August 4, 2015, at **Beckett Field**, from **5:00 p.m. until 8:00 p.m.**, all residents are invited to come out and **celebrate Police and Community Partnerships**, **"America's Night Out Against Crime"**. To obtain more information about the City's National Night Out event call the New Carrollton Police Department at 301-459-0142.

The City of New Carrollton will celebrate it's **Annual Community Day** on **Saturday, September 12, 2015**, from Noon until 6:00 p.m. Businesses interested in engaging in the Community and with the area residents, please consider being a sponsor for Community Day. The City is also looking for volunteers to assist the City staff with the event. If you are a student and in need of community service hours this is a great opportunity to fulfill the requirement. If you are interested in participating in Community Day please contact the City's Administrative Office at 301-459-6100. For additional information on our Community Day event see pages 7 and 8.

Mosquito Control Information.

The Maryland Department of Agriculture will continue to emphasize modern pest management principles in their **mosquito control programs.** Abatement efforts will include major emphasis on control at the source (**larviciding**) whenever possible.

- Property owners are encouraged to remove any unnecessary water holding containers.
- Spraying for adult mosquitoes will be based strictly on results from standardized surveillance methods.
- The City of New Carrollton will be scheduled for adult mosquito surveillance and possible spraying on **Thursday** nights.
- **Adulticiding will begin June 1, 2015 and will run through September 17, 2015.**
- The action threshold is 3 female mosquitoes in 2 minutes in a landing rate count or 24 female mosquitoes in a baited light trap, This will influence the amount of spraying done for adult mosquitoes.
- Do to the variable weather conditions and other factors, surveillance or spraying is not guaranteed to be done in any given week even if complaints are been received.

There has been a surge in the urban mosquito population due to the introduction of the **Asian Tiger Mosquito "ATM". The Asian Tiger Mosquito** displays a strong preference for breeding in small man-made containers such as flower pots, trash cans, tires, buckets, etc.

- The Asian Tiger Mosquito does not breed in wetlands or waterways. Its breeding habits and a very short flight range of less than a quarter mile, the source of a **Asian Tiger Mosquito** can typically be found in one's backyard.
- **Asian Tiger Mosquito's** association with human habitation and persistent daytime biting make the **Asian Tiger Mosquito** a particularly troubling mosquito in urban and suburban settings.

Program staff can assist residents by identifying actual **Asian Tiger Mosquito breeding containers,** but it is the resident's responsibility to use this information to locate and eliminate additional breeding sites on their property.

Individuals, communities and businesses are strongly urged to take a proactive stance in the fight against the **Asian Tiger Mosquito.**

To report sites of suspected or known mosquito breeding on public property complaints can be faxed to: fax# 301- 422-0502.

To encourage paper recycling throughout the city:

Two paper recycling bins have been placed within New Carrollton. One is located in front of the community garden on Lamont Drive and the other one is in front of Beckett Field (Westbrook Drive and 85th Avenue). These bins are secured with padlocks and are large enough to hold broken down boxes.

HOME GARDENING HAS ENVIRONMENTAL BENEFITS!

Home Gardening helps the planet in many ways. Growing food organically without pesticides and herbicides will spare the earth the burden of unnecessary air and water pollution.

Home Gardening will also reduce the use of fossil fuels and the resulting pollution that comes from the transport of produce from all over the world.

Overgrown Weeds & Vegetation Encroachment

Every spring, or after the rains have subsided, you may notice that weeds and overgrowth of various types start appearing throughout the community. The overgrowth is commonly found in residential yards, open areas, or encroaching upon public right-of-ways. What exactly is the city's policy or ordinances regarding overgrown weeds and vegetation?

In the City of New Carrollton, it has been deemed a public nuisance for a property owner to allow the overgrowth of grasses, weeds, shrubs or other vegetation that could harbor rodents, mosquitoes, vermin, or constitute a fire hazard. It is the property owner's duty and responsibility to keep their property cleared of overgrown vegetation, and the front and back lawns mowed before the grass reaches a height of eight (8) inches. Additionally, the public right-of-way (area between the street and sidewalk) must be maintained, and is the responsibility of the property owner. Grass and weeds that grow around utility poles or sign posts should also be cut or "weed wacked".

As trees and landscaping grow, They tend to encroach upon public fairways (sidewalks, paths, or streets). This encroachment has also been deemed a public nuisance in the city code and constitutes a hazard, which impedes the free movement of pedestrians or vehicle traffic. Hedges and shrubs that border a sidewalk or path in the city may not be any higher than forty-eight (48") inches above grade level. Tree branches and foliage which overhangs a sidewalk must be maintained, and shall not impede the free passage of our residents. Additionally, property owners may not permit the growth of any hedges, shrubs or trees on a corner lot that constitutes an obstruction to the vision of motorists.

DEPARTMENT OF CODE ENFORCEMENT

Motor Vehicle Repairs

Regular preventive maintenance is probably the single most important thing you can do as a car owner. Maintaining your vehicle now will save you costly repairs in the future. However, not everyone agrees on what vehicle maintenance is, what you can do, and when you should do it. Let's clear that up, and take a look at the city code of ordinances.

The Department of Code Enforcement receives numerous complaints of vehicle repairs and maintenance being preformed within the city. Often it is accompanied by the question: Is this type of work permitted in New Carrollton? Well, there are several factors that must be considered, but more often than not the answer is yes, it is permitted.

While some may elect to take their vehicle to an automotive shop, some more experienced residents may wish to do the required services on their own. The basics, like changing your oil, coolant, filters, tires, headlamps, bulbs, belts and batteries are all tasks that are considered incidental maintenance. These repairs, and others that require similar time and expense are also permitted on private property in the city.

Repair and Maintenance

Repairs and maintenance of vehicles may be performed in driveways and carports provided they meet the following criteria

- The vehicle must be registered to the owner/legal occupant of the property and registered at that address.
- The repairs are performed by the owner/ legal occupant of the property.
- The repairs do not include removal or replacement of any engine, transmission, differential or structural body part.
- All repairs/maintenance shall only occur between the hours of 8:00 a.m. and 7:00 p.m. and must be completed within forty-eight (48) hours.
- All tools, supplies, parts and miscellaneous equipment must be removed from the public view no later than 7:00 p.m. This includes all jacks and car ramps.
- All excess or used oil, coolant or other non-biodegradable fluids must be disposed of at a lawful disposal site. The Department of Public Works has an available disposal container onsite.

Prohibited Acts

It is unlawful to perform any repairs or maintenance (with the exception of emergency maintenance to move a vehicle off the street) on any motor vehicle that is on a city street, property, or within a city right-of-way.

THE VOLUNTEER FIRE DEPARTMENT AND RESCUE SQUAD OF WEST LANHAM HILLS MARYLAND, INC.

FINAL CALL FOR ENGINE 282 ON APRIL 6, 2015 ENGINE 282 RESPONDED TO ITS FINAL CALL:

After serving the community for 25 years, this essential unit was completely destroyed by fire as volunteers from West Lanham Hills VFD worked side by side with other departments to contain a large fire and protect threatened buildings.

The great news is that no one was seriously injured. The bad news is that we now need to replace Engine 282 with a new unit. The insurance is not enough to cover the newer unit so we are asking for support from our neighbors and friends.

If you would like to help us with this project, we welcome your support. You can donate online through our website at **www.wlhvfd.com or mail your check to West Lanham Hills VFD, Post Office Box 1348, Lanham, Maryland 20703-1348**

We appreciate your help. Thank You!

The Officers and Members of West Lanham Hills Volunteer Fire Department
